### **Colorado Now Offers Online Renewal of Driver's Licenses and State IDs**

*VROOM!*...That's the sound of Colorado citizens steering clear of DMV offices and saving time by renewing their driver's licenses and state-issued IDs online. The Department of Revenue, in partnership with Colorado.gov, the state web portal, now offers online driver's license and state ID renewal as part of the Vehicle Resource Office and Online Motorway (VROOM) system.

"With services like the Online Driver's License and State ID Renewal system, Colorado is at the forefront of technology by providing efficient, convenient, user-friendly services to our citizens," said Governor Bill Ritter. "The creation of the VROOM system is just one more way we are improving the way our citizens interact with state government."

This new service allows eligible Driver's License and State-issued ID holders to submit and pay for a renewal request online. Once the transaction is processed, the renewed document is mailed to the citizen. In addition to basic renewal capability, citizens can also download voter registration forms, designate organ donor status, and make donations to the Emily Maureen Ellen Keyes Organ and Tissue Donation Awareness Fund, all within the user friendly system.

"The Colorado Department of Revenue is excited to expand our suite of online services," said Executive Director, Roxy Huber. "The VROOM system, combined with the Online Vehicle Registration Renewal service, offers Colorado Motorists one place where they can conveniently and securely renew all these important documents."

Eligible Driver's License holders must have a regular adult license and between 21 years of age through age 60 to renew online and must have a valid ID or driver's license that has not been expired for more than one year.

To view a detailed list of eligibility requirements, or to begin your online driver's license or state-issued ID renewal transaction, access this new service at: [www.colorado.gov/vroom/renewlicense](http://www.colorado.gov/vroom/renewlicense).

#### **About Colorado.gov**

Colorado.gov is the official Web site of the state of Colorado ([www.Colorado.gov](http://www.Colorado.gov)) and a collaborative effort between the Statewide Internet Portal Authority (SIPA) and Colorado Interactive to help Colorado government entities Web-enable their information services. SIPA is responsible for Colorado.gov. Colorado Interactive, a Denver based subsidiary of eGovernment firm NIC (EGOV) markets, operates and maintains Colorado.gov.

#### **About SIPA**

The Statewide Internet Portal Authority was created in 2004 by the Colorado legislature and is a state Authority governed by an 11- member Board of Directors consisting of businesspersons and state and county representatives. The mission of SIPA is to make Colorado government at all levels more accessible to its citizens and businesses and more productive through the use of eBusiness technologies.

#### **About NIC**

NIC manages more eGovernment services than any provider in the world. The company helps government communicate more effectively with citizens and businesses by putting essential services online. NIC (NASDAQ: EGOV) provides eGovernment solutions for 2,200 state and local agencies that serve more than 60 million people in the United States. Additional information is available at [www.nicusa.com](http://www.nicusa.com).
